# BC Building Code Single Family Dwellings

Learn the importance of the BC Building Code, Part 9 and how it was developed. This course will help familiarize students with the code book and teach them how to mark their code book for easy reference.

**NOTE:** Early registration is necessary, as this course will involve the advance receipt and completion of workbook and online quizzes and assignments by way of email, as well as the one-day session to review all material and prepare for writing the examination.

## Course Format:

Upon registration for the course, the course manual will be delivered by regular post, to be completed at their own pace along with the online portion. Any student can email questions to the instructor at any time prior to the course date. The one day in-class session will be used to review all of the material, answer any questions and prepare for the exam in the afternoon.

## Duration:

Online home study 40-45 hours with quizzes and assignments which constitutes 50% of the final grade and must be completed at least 21 days prior to the in-class session - *see the website for full details on all Policies and Procedures, including our Refund Policy.*
